HOT FIGHT ON CONGRESSMEN.

State Democracy May Indorse the Men "Turned Down" by Tammany Hall.

GRACE OUT FOR SCALPS NOW.

Calls at Democratic Headquarters to Announce that Harmony Is No Longer a Possibility.

W. R. Grace, leader of the State Democracy, after an interview with John Boyd Thacher, of Senator Hill's Campaign Committee, at the Park Avenue Hotel, to-day, made a formal declaration of war against the Tammany candidates for Congress and the Assembly.

Until to-day Mr. Grace had some hope that the Tammany leaders would divide to Congressmen and Assemblymen with him because of his piedge to support Hill and the State ticket. The refusal of the Assembly him the Markey is a support of the Tammany reaches to the state of the transmission of the Assemblymen with him because of his piedge to support Hill and the State ticket. Hill and the State ticket. The refusal of the Tammany people to treat with him, or even to take notice of his overtures for harmony, incensed him so much that he decided to do his best to defeat the candidates put up by Tammany for Congress and the Assembly.

Ruth Waters testined that is even the threatened to arrest her, too, when she met him and Birdle King on the night he arrested Birdle.

Another young woman, evidently of the same type as Birdle and Ruth, sat between Lawyer Moss and Beyer and prompted the lawyer when he asked the witnesses questions.

gress and the Assembly.

To this end he has resolved to put up State Democracy candidates in all the districts to divide the Democratic vote. He went to Democratic headquarters to day to assure John Boyd Thacher that he would not break his promise to support Hill, but that it was war to the knife now between his organization and Tammany Hall.

To an "Evening World" reporter Mr. Grace said, Just after his interview with Mr. Thacher.

"We will hold a conference at 4.39 this afternoon at Cooper Union, Room 24, where the candidates for Assembly, Aldermen and Congress will be discussed.

"Nobody has been slated as yet, because we waited to see if harmony could be brought about between Tammany and the State Democracy.

"Mr. Hill will certainly be elected.

Party lines are drawn more closely now then during the last twenty years, and I am of the opinion that most Democrats will raily to the support of the State ticket.

lam of the opinion that most Democrats will raily to the support of the State ticket.

"I wish to say here that the present situation—that is, the lack of harmony—is on account of no act of ours.
"In regard to the chances of the Congressional candidates named last night! Will be better able to judge after I see the men who will be pitted against them. However, I cannot see how any Democrat should vote for any man who voted against the Tariff bill, as several of these gentlemen did."

Speaking of the chances of Mr. Wheeler Mr. Grace said:

"The Wheeler vote will help Hill negatively I don't believe Wheeler will get more than 10,000 votes in the State.

"The municipal situation reminds me of a comic opera. Strong will certainly be elected by from 30,000 to 50,000 majority. I have known Mr. Strong for twenty years. He is a liberal, broad-minded man, who believes in liberty of the press and religious liberty. I know he does not belong to the A. P. A. or the A. P. L., and that he has no sympathy with either. He is a bluff, hearty man, and although not a public speaker will make a good impression.

It is not unlikely that the Grace Democrats will take advantage of the disaffection in Tammany's ranks resulting from the "turning down" of Congressman "Tim" Campbell in the Ninth District, J. De Witt Warner in the Thirteenth, and E. J. Dunphy in the Eighth. Whether or not his organization will nominate all three to win over their adherents is a question that cannot be definitely answered just vet.

Robert G. Monore, of the Grace Democracy, said this morning that he could say for the organization that Mr. Warner would be supported by Mr. Grace in the vent that he determines to be a candidate against the Tammany nominee.

"I cannot speak as to Campbell and promotey" said Mr. Monroe. "but I can

Association Hall, Twenty-third street and Fourth avenue, wes literally crowded this afternoon with the women who had been invited by Mrs. Josephine Shaw Lowell to lo battle against Tammany Hall.

Rev. Dr. Parkhurst, who had given the first impetus to this woman's movement, addressed the meeting.

He said that, although tickets of invitation had been sent out, this was done not to slight anybody, but to insure a gathering of women representing every cause. He said that no rivalry was intended with other women's Anti-Tammany associations, and that, so far as he could learn, those other associations, particularly the one in the Twenty-third Assembly District, were well disposed towards Mrs. Lowell's rally.
